The University Unions
The University of Texas at Austin

3.0 SCHEDULING POLICIES AND PROCEDURES

The Student Activity Center staff is responsible for managing all space within the Student Activity Center, which includes the general coordination of facility usage, including the daily screening and scheduling of facility requests, the resolution or notification of conflicts, the correspondence with groups submitting facility requests, the implementation and communication of usage policies and procedures, the processing of common maintenance requests, the compilation of a master facility schedule, and the supervision of the facility in accordance with University Unions standards.

The following scheduling policies and procedures for the use of the Student Activity Center have been developed to maximize use of the facility, and to continue to provide an inventory of meeting rooms and activity spaces for the University community.

3.1 PRIORITY USES

In order to meet the various meeting room and activity space needs of the University community, and to maintain consistency and control in the use of the facility, the following priority use policy will be observed. In order to be consistent with the purposes of the Student Activity Center, since its origins and current funding base is students, student events and activities will be given priority throughout the facility. See individual room guidelines for exceptions.

PRIORITY 1: University Unions

PRIORITY 2: Student Activity Center Resident Registered or Sponsored Student Organizations

PRIORITY 3: Non-Resident Registered Student Organizations

PRIORITY 4: University Departments & Faculty/Staff Organizations

EMERGENCY

MAINTENANCE: Unscheduled emergency maintenance shall supersede all other uses and be considered the highest of priorities.

Eligibility Criteria

Determination of the eligibility, priority, and categorization of each facility reservation request shall be made by the Student Activity Center staff. To determine the eligibility and priority classification of each facility request, the following criteria will be referenced:

1. Compliance with all applicable Regents' and Institutional rules and regulations
2. Impact of the event on existing programs and available spaces

3. The scope and nature of the event
4. The appropriateness and compatibility of the activity to the facility
5. Previous experiences with similar events

Event sponsors with outstanding debt with the University Unions cannot make reservations in the Student Activity Center.

The Student Activity Center reserves the right to deny or cancel any program that does not meet established rules and regulations, when the event sponsor is unable or unwilling to adequately perform all required duties and responsibilities related to the event, or for similar cause.

I. ADVANCE RESERVATIONS

Advance reservations are restricted to University Unions and Student Activity Center Residents. In accordance with the annual "Scheduling Calendar," each resident department requesting an advance reservation must submit its reservation request to the Student Activity Center Events Manager. On a semester-by-semester basis, advance reservation requests are compiled and formulated into a permanent schedule. The permanent schedule, once finalized, will be distributed to the designated representative for each department.

Advance reservations, once established for each semester, will be strictly observed in order to honor all other groups and programs using the facility. Groups may not start earlier or run later than their scheduled times. Failure to comply with time block schedules may result in the loss of usage privileges.

Due to reduced schedules, and in order to allow for maintenance projects and other demands, annual time blocks are in effect only while official University classes (not finals) are in session each semester.

Request/Reservation Process

The deadlines for acquiring reservations are the same for all priority levels. Requests from the highest priority levels will be addressed before entertaining requests from each lower level, in sequential order. All requests received after the deadline will be addressed on a first-come, first-served basis. *Requests received less than two weeks prior to the date(s) of the event may not be considered.*

So that all requests may be reviewed equally, confirmation of requests will not be given before the expiration of the requesting period.

Reservation requests are to be submitted according to the following schedule:
